

# Cable & Wire Harness

## Custom Cable & Wire Harness

Struggling to build your wiring looms, need a complex custom cable with specific connectors? We can help!

### What we can do

We can manufacture custom cable, cable assemblies and wire harnesses to your specifications. We can also include over-molded connectors, custom injection molded cases, covers and components.

### What do i need to get a quote?

We require a drawing detailing the cable layout and length, individual cable specifications and details of an connectors required. You should also include information on what testing you require to ensure the finished cable will meet your specification. Simply email the details for a quote.

### Why use i-Keytec?

Australian Support, Hong Kong Based Engineering, in-plant AQL testing prior to shipping. Easy, Dependable, Cost Effective product sourcing. **Call us now for a quote on your project!**
